NP&V staff includes an experienced Grant writer and administrator who worked in the Public Sector for over 25 years. NP&V provides grant writing and administration services to local governments & assists with grants management services that include:

- Advising on content of grant agreement
- Assist in drafting acceptable Municipal Resolutions
- Complete and file reports (quarterly, semi-annual, annual, and final)
- Draft and review Request for Proposals (RFP) to ensure that the documents are in compliance with federal and/or state requirements
- Attend project meetings with municipality/contractors to advance the project, ensure that all work schedules are being adhered to, as well as ensure that the project is in compliance with requirements and the approved scope of work
- Assist in payment request and audits. Ensure that the project file is audit ready.

Related Projects:

Syosset TEP Grant: As a follow up to the Syosset Redevelopment and Revitalization Plan, NP&V worked with the Town of Oyster Bay to prepare a grant application under the Transportation Enhancements Program implemented by the NYSDOT. The grant was received and is currently being implemented for streetscape improvements.

Hicksville Brownfield Opportunity Area (B.O.A):

NP&V worked with the Town of Oyster Bay to apply for funding for two Brownfield Opportunity Areas (B.O.A's). The primary community objectives to be achieved by this project include the revitalization of vacant and underutilized properties, enhancement of aesthetics (both appearance of properties and street environment), provision of needed businesses and services, provision of new housing options for seniors and next generation housing, and transportation enhancements to ensure the safety of motorists and pedestrians.
